How to Assemble:

1. Print pages 4-38 on cardstock, *single-sided*. I like to use different colors. You could use the same color for each short vowel or mix them up.

2. Cut *into* each house and snip out the window. Then cut out the house and wheel on each page.

3. Laminate. You'll find you can fit quite a few wheels or several houses on a single page of laminate.

4. Cut out the houses and wheels again.

5. Use a sharp tool to punch a hole in the black circle on both the house and wheel. Then attach each house to its matching wheel using a brass fastener.
