What is the word's last letter?	What is the last sound?		How many consonants are in the word?	
---------------------------------	-------------------------	--	--------------------------------------	---

What is the word's last letter?		How many vowels are in the word?			Is it something you can hold?
---------------------------------	---	----------------------------------	---	---	-------------------------------

Does it have any letters used more than once?			What is a word that rhymes?		Is it something you can eat?
---	---	---	-----------------------------	--	------------------------------

**Directions:**

1. Write your spelling words on slips of paper and put them in a cup.
2. Also have a complete spelling list to use as a reference. Keep it turned over until you need it.
3. On your turn, roll a die to move forward. If you land on a question, read it to the other player. That player chooses a spelling word from the cup and answers your question. Use your word list to try to guess the right word. If you're right, move ahead to the next picture. Your turn is over.
4. If you roll the die and land on a colored space or picture, the other player reads you a spelling word and you spell it aloud or write it (without the help of the spelling list!). If you're wrong, move backward to the closest picture.
5. The first to Finish, wins!

Is it something you can do?
