1. Cut apart the word cards. Deal 6 cards to each player and put the rest upside down as the deck.
2. Choose any raindrop to place your playing piece. Take turns rolling a die and moving around the board.
3. When you land on a raindrop, read the word and look for words in your hand with the same pattern. Put them in your point pile. If you move to a lightning space, you may discard any oddballs. Each turn, replace the same number of cards you discarded with cards from the deck. If you have no match, draw one new card anyway.
4. When you have no more cards to play, the game is over. The player with the most cards in his or her point pile wins.
