About this printable

All students will need a copy of the “write the room” recording sheet. You decide which set of cards to print and tape around the room depending on your students’ ability level.

Students put their recording sheet on a clip board, grab a pencil, and move around the room finding the cards you posted. They write the words in the corresponding boxes.

If you have multiple levels of learners, print all three sets of cards! Just print them on different colored cardstock. For example, the easiest set might be printed on yellow, the medium set on blue, and the hardest set on red. Tell learners which color cards to use.

Level 1: Cards with a picture and word clue

Level 2: Cards with just the word

Level 3: Cards with a picture and scrambled word
