How to Use

- Use these books to build basic reading skills with young readers. The books will help students learn concepts of print and basic sight words.
- Each page begins with the reader's name, which offers extra support.
- Refer to the following page for instructions regarding the editable fields and assembly.
- NOTE: This file allows you to create books for four separate students. After printing those books, come back to the next page to add more names if desired.

How to Use the Editable Pages & Assemble the Books

IMPORTANT: If you want to type in the names, you must follow this tutorial for it to work. Please follow all these steps before sending an email for troubleshooting.

1 – To use the same font, go to Teachers Pay Teachers and log in. Then download one free font: KG Primary Penmanship 2.

To log in, go here: <https://www.teacherspayteachers.com/>

To get KG Primary Penmanship 2, go here:

<https://www.teacherspayteachers.com/Product/KG-Primary-Penmanship-Lined-Font-Personal-Use-549115>

2 - Download this document to your computer. Then open with the most recent version of Adobe Reader. You can get Adobe Reader for free here:

<https://get.adobe.com/reader/> (Do not try to edit before you download the file, or you may not be able to see the editable fields.)

3 – Click on and type 4 student names in the blue boxes below. The names will auto-populate into all the pages.

4 – Print the pages SINGLE-SIDED. (If you need books for more than 4 students, come back to this page to enter four more names.)

5 – Separate your paper into two stacks (pages 4-10 and 11-17).

6 – Cut each stack on the center dotted line.

7 – Stack each set of pages together for a 7-page book (omit the final page if desired).

8 – Staple on the left side. This will give you a total of four individualized books.
